

GEORGE BUSH

July 8, 1998

Dear Jim,

Your letter of June 22nd was most thoughtful. Thank you for those very kind words.

I enjoyed seeing your video and appreciate your sharing it with me. It evoked many memories of my war service; but more than that, it reminded me once again how fortunate we are in this country to have the finest fighting forces in the world. Certainly, you and I share a deep sense of gratitude for the effort our comrades made to save our lives.

All the best to you. Thanks again for writing.

Sincerely,

A handwritten signature in dark ink, appearing to read "G. Bush", written in a cursive style.
