Grand Rapids, Michigan

Dear Jim:

I am still receiving high commendations on your talk before the Breakfast Club last week. You do a better job each time I hear you and I congratulate you on getting your story across so effectively in the short time we gave you at the breakfast meeting.

I was happy to have recommended you to program chairman Judge Hoffius and extremely pleased at how well your presentation was received. You produced a good many "Brownie Points" for me in the organization by your fine job.

Thanks again, you are one of our best aviation promoters in our community, and I encourage you to keep up the good work.

Sincerely yours,

Robert M. Ross, A.A.E.
Director of Aeronautics
